REQUEST FOR CORRECTION OF RECORDATION DATE

Sir:

Applicant requests the issuance of a corrected Notice Of Recordation Of Assignment Document (copy enclosed) for the above-identified patent application, and in support of this request respectfully states:

The Recordation Date should read "02/18/2004" instead of [02/15/2004]. The Assignment document was filed together with the patent application on February 18, 2004 and it is not possible to have an earlier recordation date. This Request was originally sent to the Assignment Branch on November 15, 2004 but was rejected. They state that "according to the barcode with the application number, the ARD is 02/18/04 and this is error of the Applications Dept." Attached are copies of the Assignment Recordation Cover Sheet and response from the Assignment Branch which is noted on the Notice of Non-Recordation of Document dated November 19, 2004.

The Commissioner is hereby authorized to charge any fees required to Deposit Account No. 06-1500. A duplicate copy of this sheet is enclosed.

Respectfully submitted,
